

Our Value-Driven Screen Contract

TASK : Develop a value-driven screen contract that you commit to as a group, class, or family. A Value-Driven-Screen-Contract reflects what you value most in life, rather than simply reflecting screen-time or safety measures. It reflects how we commit to behave online. Discuss the consequences you commit to together for violating the contract.

These three core values will guide our online choices from here on:

Example:

CORE VALUE: COMPASSION

- *We commit to spreading kindness instead of pain.*
- *We commit to honoring human dignity instead of treating each other as a means to an end.*
- *We commit to using digital media to support one another.*

CORE VALUE 1:

-
-
-

CORE VALUE 2:

-
-
-

CORE VALUE 3:

-
-
-

Today, we pledge to give our very best to follow this contract:
